

Product: Reusable Clip-Lok boxes for axles

Specifications:

- The Clip-Lok box is customised to carry heavy axles for armed and MRAP* vehicles.
- The open sides allow easy access with forklift when loading the axle.
- Plywood blocks keep the axle in correct position during transport.
- Clip-Lok boxes are weatherproof and can be stored outside.
- They can be stacked on top of each other without the need for racking
- The Clip-Lok box can be customised to withstand pressure up to 15 tonnes.
- When not in use the Clip-Lok box can be easily and quickly flatpacked to minimise storage space which can save up to 80% for return shipment.

The design of the Clip-Lok box allows easy access when loading the axle with forklift

Plywood blocks ensure stable and safe transport as the axle is kept in correct position. Printing on the blocks also ensure correct positioning

*MRAP: Mine Resistant Ambush Protected
