

Product: Reusable, collapsible transport box for roofs

- Specifications:**
- The Clip-Lok box provides optimum spaceusage
 - The roofs are separated by rubber/vinyl spacers
 - The spacers separate the roofs and keep the roofs free from scratches during transport
 - Easy loading and de-loading of the roofs
 - The Clip-lok box is easy to handle by forklift
 - They can be stacked on top of each other without the need for racking
 - When not in use Clip-Lok boxes can be easily and quickly flatpacked which reduce costs and save up to 80% volume on return shipment and storage
 - The Clip-Lok box can be used time and again

The spacers allow several roofs to be placed on top of each other with out the risk of damage during transport

The roofs are separated with spacers in each corner. The spacers are easy to place between each roof

Fully loaded Clip-Lok box ready for shipment. The box is easy to handle with forklift
