

Product: Reusable Clip-Lok box for kits for tractor hoods – each kit consist of three parts

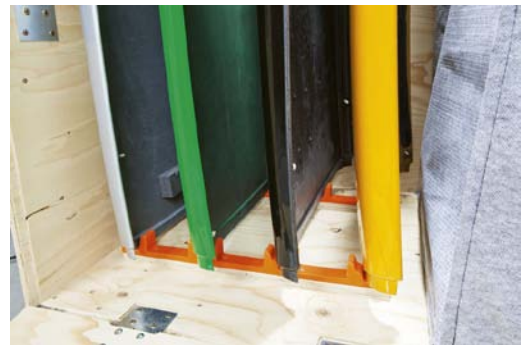

- Specifications:**
- The Clip-Lok boxes are customised to carry four kits for tractor hoods
 - The Clip-Lok box is designed to carry both short and long kits
 - Foam and PUR dunnage and the Soft-Rack system keep the parts well protected during transport
 - The box is designed for Just-In-Time and in-sequence delivery
 - They can be stacked on top of each other without the need for racking
 - Clip-Lok boxes can be customized to withstand a pressure up to 15 tonnes
 - When not in use the Clip-Lok box can be easily and quickly flatpacked

When open there is full access to all parts for unpacking in any order.

On top the parts are secured in foam

In the bottom the parts are placed in PUR separators to secure their position during transport

All dunnage folds into the Clip-Lok box when the box is dismantled

When dismantled the volume is reduced with 67% which reduce the costs of return shipments.
