

Designed for high tech cargo:

- Ideal for delicate machinery
- Specialised dunnage for protection
- Tailor-made boxes
- Easy access on production line
- One or more panels can be opened to add items or check contents
- Cuts out extra packaging in the assembly line

Applications for this industry include:

- mammograph machines
- ultrasound equipment
- "cat" scanners
- laser machines
- kidney treatment equipment
- medical analysers
- sterilising units

The advantages of Clip-Lok:

- Significant cost savings
- Reusable time after time
- Simple to collapse and erect
- Flatpackable
- Economical to return
- Very strong and durable
- World-wide back-up network
- Easy storage - no racking needed
