Product: Laminated sheeting
Company: Casco Nobel
Country: Germany to South Africa

Boxes are stacked four high (total weight approx 8 tons), using extra clips. Right and above right: note metal fitting on end of box to enable them to be pulled out of container. Boxes (8) are loaded into 20ft containers, the first 4 being pushed in by a long metal fitting attached to the forks (bottom right). Below: Inflated bags will be placed between cardboard and boxes to prevent movement during transit.
