

Clip-Lok reusable and collapsible box for motorbikes.

This cost-saving reusable box can hold motorcycles of different sizes. The rings at the corners of the pallet enables strapping which provides excellent protection and stability. The box dimensions are optimized for transport in containers and trailers.

Clip-Lok boxes:

- protects, supports and secures the motorcycles through customized locking system.
- allow easy loading and unloading of the motorbikes through loading ramps
- can be customized to withstand a pressure of up to 15 tonnes.
- can be easily and quickly flat-packed, reducing storage volume by up to 80%.
- can be reused - typically over 100 transports with normal handling.
- are suitable for transport by road, rail, sea or air.

The box is loaded with all four sides removed. The box can custom designed to fit different motorbikes.

The hooks at the sides of the wooden panel keep the motorbikes stable through strapping.

The box is built up around the motorbike. Smooth surface of the boxes, no nails and customized locking system ensure safety of motorbikes while they are in transport .

The Clip-Lok box is packed and ready to be transported.
