# Welcome

---

Welcome to the following first comers:

Mike Lie, packIQ, USA

Gáspár Mihályfi, Sodego, Hungary

Roger Tillberg, Clip-Lok SimPak (Scandinavia), Sweden

25 years or one whole generation!!

What does it mean for us:

- 
- Customers see us as solid and a reliable supplier and partner in packaging
  - It also means that we have an extensive library of successes to make our next sale easier
  - It also means that we have an obligation to ourselves and to our customers.
    - We have the obligation to continue to provide innovative packaging solutions for present and new customers and to provide good service
    - Failing this we will not survive the next 25 years

Being together and get to know each other makes cross  
boarder cooperation so much easier

Spend time at the exhibition to meet all the prospective  
customers

Thank you to all of you for taking the time and making  
the effort to come here
